May Ask Elaboration.

As pointed out by Secretary Lansing the note delivered today "appears to be" a recognition of the fundamental principle for which the United States government has contended. The cau ous qualification is that of a trained diplomatist, and it is understood that the next step will be to require the elaboration of the German nofe to clear up any possible misunderstand-ings as to the extent of the conces-

sions.

For instance, it was noted immediately by some of the officials that the orders to the submarine commanders applied only to "liners."

That is satisfactory as far as it goes and will probably be regarded as applying to all passenger ships. But the American contention went further than that. It asserted the same privilege of protectio - nagainst unwarned attack for all merchant ships on which neutrals might be traveling, either as pastrals might be traveling, either as pas sengers or part of the crew. It is to be noted that in all of the correspond one noted that in all of the correspondence up to this point the State Department has not confined itself to an assertion of the rights of Americans to peculiar privileges or exemptions; it has spoken in behalf of the people of all neutral countries.

The note on the whole is regarded as indicating that at the next stage promise of suitable reparation will be made. Marietta Judge Charges Grand Jury in Leo Frank Case.

DECLARES INJUSTICE HAS BEEN DONE COUNTY

Tells Body to Take Its Time, But Not Play Part of Detective.

MARIETTA, Ga., September 1.-In brief extemporaneous charge Judge H. K. Patterson told the superior court grand jury of the Blue Ridge circuit here today to investigate thoroughly but did not mention the name of the victim—Leo M. Frank. Thirty-five witnesses have been called, it was said at the sheriff's office. The jury will begin its work on the case late today. Judge Patterson laid emphasis on his statements that this was not a special grand jury and that the jury had not been reassembled solely because of the "recent lynching." "You are not a special grand jury

as has been stated, but you are the regularly organized grand jury of Cobb county," the judge said.

Judge Patterson further said:
"You gentlemen are members of the regularly drawn grand jury of Cobb county, selected for your uprightness and integrity. When I adjourned the July term of court I told you gentlemen that I would call you together again at any time during the interval between the regular terms of court, should any exceptional reason arise to demand your attention. demand your attention.

"I want to say at this point that you are not a special grand jury drawn by the judge of the Blue Ridge circuit, as has been stated, but you are the regularly organized grand jury of Cobb county. Not only in this, but in a great deal that has been said recently in the press, the facts have been deviated from, and I want to strongly assert that the press generally has done Cobb county a great injustice. It appears that in a great deal of the matter that has been published some newspaper correspondents have seemingly gotten just as far away from the truth as they could and the result has been that Cobb county has been made to suffer for it.

"This county needs no 'specially se This county needs no 'specially selected grand jury' now, nor has it ever needed one. Men selected as grand jurors of this county have always done their duty.
